2014

WORK EXPERIENCE

SheCodes Workshop

- Gained knowledge and experience in JavaScript, CSS, and HTML
- Learned how to effectively use Visual Studio and its extensions.
- Learned how to design, build and host a fully functional web application from scratch.
- Applied learning through hands-on projects and assignments
- Gained confidence in coding abilities
- Connected with other aspiring coders and learned from their experiences
- Transformed and equipped with skills for a career in software engineering

LANGUAGES

- English - Advanced
- Xitsonga - Native
- Northern Sotho - Native
